Love and family abroad: life projects vs. the law in Belgium

Did you face any difficulties reuniting with your loved one(s) here in Belgium? Was it complicated to register your cohabitation légale in your municipality? Did Belgian authorities deny you to marry with your partner?

If you are a **non-EU national** who arrived in **Belgium after 2008**, and you have **experienced some inconvenience pursuing your love/family projects because of administrative and legal issues**, then I need to hear your story!

I am Dr Giacomo Orsini, a sociologist of migration and a senior researcher of the *Université Catholique de Louvain*. Together with a team of demographers and lawyers, we are analyzing how non-EU nationals experience Belgian law in their everyday lives. In particular, I concentrate on love and family life and your story and experience would be extremely helpful to us!!

If you want to participate to this study and would like to be interviewed, or simply want to know more about the research, please **contact me** on my email (giacomo.orsini@uclouvain.be) or mobile phone (**0485563415**)
