1. Foreword:

A lot has happened since NELFA became incorporated as a legal association in March 2012. Since then we have continued to work to ensure that LGBTI parents and their children can enjoy the same rights and freedoms enjoyed by other citizens in Europe. We have also made sure that the voice of LGBTI parents and their children is adequately heard both inside and outside the LGBTI movement.

NELFA has taken initial steps to formally and explicitly include families of Intersex people in its community by adding an “I” to its name and changing it into Network of European LGBTI Family Associations.

We have organised 4 European Family Meetings so far (Paris, France; Lloret de Mar, Spain; Köln, Germany; Oeiras, Portugal) and are planning a 5th one in the beautiful island of Evia, Greece between 21 and 24 July 2016 (<http://nelfa.org/european-meeting/>). These meetings would not have been possible without the hard work and commitment of national organisations and the enthusiastic participation of families from all over Europe.

Since May 2012 we have been active in promoting and organising International Family Equality Day (IFED) around the world (<http://nelfa.org/european-meeting/international-family-equality-day/>). This has become one of our flagship projects and it has opened many doors to NELFA, while raising the visibility of our families among communities at large.

Our organisation has been growing steadily, we are now 29 organisations in 18 European countries, and we expect our numbers to grow further in 2016.

Some highlights of our work and progress in 2015 include:

- Six new full member organizations.
- First time ever celebration of IFED in the European Parliament.
- The fourth European LGBTI families meeting held in Oeiras, Portugal, in October 2015.
- Mention of IFED as a good practice in a resolution by the Council of Europe’s Congress of local and regional authorities.
- Active participation by NELFA in 9 international events and 7 substantial inputs presented to international organisations (UN, EU and Council of Europe) to promote equal rights for rainbow families.

The report below provides an overview of the activities conducted by NELFA between the 2015 AGM, held in Konstanz, in mid-March 2015, and the 2016 AGM to be held in Barcelona, on 12 March 2016.
